

# TRAC 2.0

**Simplify your asset management with TRAC 2.0**

**T**rack  
**R**ecords,  
**A**ssets &  
**C**alibrations

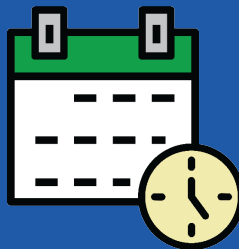

**Brought to you by Michelli Weighing & Measurement, TRAC 2.0 helps our customers keep asset records organized, and calibrations on schedule.**

**Asset management has never been easier. Let us help get you on TRAC 2.0 today.**

### STAY AUDIT READY

Manage your equipment list, complete with service records, calibration certifications & maintenance information, accessible through your online portal 24/7, 365 days a year

### KEEP MAINTENANCE UP-TO-DATE

Plan preventative maintenance services to ensure your equipment stays reliable, accurate, and consistent.

### MAINTAIN TRACEABILITY

Establish a historical record of calibrations, and view recommended calibration schedules for each asset in your list to receive automatic reminders.
